Source
Société de leucémie & lymphome du Canada

13 mai 2010 - Nouveau site CMLSource!

Bienvenue à Source
Voici le premier numéro Info-Source, publication officielle de la Société de leucémie & lymphome du Canada. Abonnez-vous à Info-Source pour être au courant des plus récents articles sur la LMC et des activités à venir.

Bienvenue à la nouvelle présidente du Conseil consultatif
La Société de leucémie & lymphome du Canada ainsi que les membres du Conseil consultatif de la rédaction sont heureux d'accueillir la nouvelle présidente de Source, **madame Carole Murphy**. Carole est Directrice des services aux patients pour le Québec et la région atlantique de la SLLC. Pour en savoir plus sur Carole, lisez l'article dans la section la SLLC & vous à CMLSource.ca.

Rajeunissement du site Web de Source
Au cours des longs mois d'hiver, le vent était aux changements chez Source et nous sommes fiers d'annoncer le nouveau réaménagement de notre site Web. La publication en ligne comprend tous les articles parus dans les numéros précédents, y compris les portraits, les reportages et les articles généraux. Le site Web offre cependant beaucoup plus. Puisque la publication en ligne n'a pas de limites d'espace, nous avons été en mesure d'ajouter des articles supplémentaires provenant de symposiums importants, comme le congrès annuel de la American Society of Hematology (ASH). De nouveaux articles sont ajoutés chaque mois pour compléter la publication imprimée. Consultez le site Web au www.cmlsource.ca. Bonne lecture!
